Aviation Training Workshop about effective and efficient security measures to be held in the UAE

London, UK, March 3, 2011: Aeropodium is honoured to announce the Aviation Training Workshop "Airport & Airline Employee Security Awareness" to be held on May 30, 2011 in Sharjah, UAE. This event is organized in association with Spranza Inc. and it is hosted by Skyline University College.

The program focuses on the duties and cooperative role each individual plays in maintaining effective and efficient airside and land side proactive security measures.

This workshop provides all the essentials needed to institute an on-site security awareness program, maintain compulsory documentation and involve stakeholders in a unique learning experience.

Whether airport, airline or CAA, this program can assist you, save time and precious budget resources by providing fully customizable "ready made" templates, document blanks, posters and more in a variety of key languages. Learn the requirements, components and maintenance of an effective Employee Security Awareness Program compliant with US 49 CFR, EU 2300 and ICAO Annex 17, Doc 8973 as well as related State Standards and Practices.

The Workshop Leader is Francis G. Spranza, M.A., President, Spranza Inc. As founder and Director of Spranza International, Mr. Spranza has developed over 50 AVSEC in-service training programs for airports, airline operators and Civil Aviation Authorities around the globe.

This event is organized by Aeropodium. For more information and to register, please visit the official workshop website: www.aeropodium.com/atw/aesa.html
