SPEAKERS

Mark Byrne, Director, Martyn Fiddler Aviation

Mark Byrne is a director and shareholder of Martyn Fiddler Aviation. Mark studied law at the University of Westminster and received his MBA from Manchester Business School. Mark worked internationally before moving back to the Isle of Man in 1987 and joining the ICM Group.

Mark's lifelong interest in aviation led him to initiate the acquisition of Martyn Fiddler Associates in 2005 and to inspire the ICM Group to provide structuring solutions for business aircraft. Continuing from this success Mark worked with Isle of Man customs and international advisors to establish VAT efficient structuring solutions which would comply with domestic and international regulations.

Having already built a substantial reputation within the aviation industry, Mark conceived the Isle of Man Aviation Conference in 2010 with the inaugural conference being held in 2011. This is now established on the business aviation annual conference circuit with delegates travelling from around the world to attend.

Mark continues to spearhead new business concepts and strategies while ensuring Martyn Fiddler Aviation stays true to its roots and values. Relationships have always been the key to the success of the Martyn Fiddler Aviation team and Mark makes sure the team continue to stay connected to this philosophy.

Robert Grochowski, President & CEO, ALL4JETS

Holds an Aviation Master Degree from Rzeszow University of Technology. He also graduated with MBA degree from Kozminski University in Warsaw. Since 2003 he is involved in

practical side of aircraft maintenance – starting as CAMO engineer, Maintenance Engineer, Fleet Engineer, Maintenance Director in Part-145 and Part-M. He has broad experience with new aircraft type entry-into-service projects – supported Montenegro Airlines, Windrose, Eurolot. Since 2004, he is active instructor and examiner for theoretical and practical training for several aircraft types.

Adrian Iordache, Principal Solicitor and Director, Consortium Legal & Managing Partner, Iordache Partners

Adrian is a leading Romanian international business lawyer and international arbitration practitioner. He is a qualified Solicitor of England and Wales, as well as New York and District of Columbia licensed Attorney and he was educated in London at UCL (LL.M., LL.B.). He continues to explore academic interests as Doctoral Researcher at University of London's School of Advanced Study. He is the Chair of the Romania Chapter of the New York State Bar Association and member in numerous professional and chartered institutions, such as the Chartered Institute of Arbitrators and the Swiss Arbitration Association.

Adrian has been practicing in Bucharest for over 13 years as a corporate and commercial lawyer, for the most part in senior roles. Prior to taking over management at Iordache Partners, he was a Partner with a Bucharest-based international firm. Adrian has experience in a diversity of industries and has overseen many corporate jet transactions, both in and out of Romania, from a variety of angles, including pure transactional oversight and negotiation, structuring, financing, tax (including tax disputes), customs and economic restrictions. As an arbitration practitioner, Adrian is a listed arbitrator with the Bucharest International Arbitration Court, where he also sits as trustee in the Administrative Council.

Andrzej Niderla, VP & CAMO Director, ALL4JETS

Andrzej is the CAMO Director and the Vice-President of ALL4JETS, a technical one-stop-shop solution provider for aircraft owners, leasing companies and operators. ALL4JETS offers CAMO, Maintenance Training (Part-147), Part 21 (DOA/POA), technical consultancy and maintenance services. Its customers are various lessors, MROs and airlines.

CAMO that Andrzej has been managing for seven years has supported more than 100 a/c within this time, including day-to-day CAMO services, transitions, airworthiness reviews and consulting projects. It is EASA, Guernsey (2-REG), Bermuda (BCAA), and Cayman Islands (CAACI) certified. Andrzej is Airworthiness Review Staff and has experience in various EASA import airworthiness reviews.

In early 2020, ALL4JETS decided to open a subsidiary being Part-145 Maintenance Organization named 4THRUST and Andrzej was appointed its CEO and Accountable Manager. The company's primary activity is EASA and FAA certified engine borescope inspections (BSI) that ideally supplement services provided by ALL4JETS. Currently, 4THRUST is under the process of line maintenance certification. The next step in the plan is an extension to base maintenance.

Before joining the ALL4JETS group in 2015, Andrzej worked for airlines gaining experience in aircraft continuing airworthiness, engineering and maintenance. He has participated in numerous projects related to aircraft deliveries and redeliveries, new aircraft type entry-into-service and certifications of Part-M and Part-145 organizations. He holds a Master's Degree from the Faculty of Power and Aeronautical Engineering of Warsaw University of Technology and Project Management Post-Graduate.

Andrzej has been an aviation enthusiast since childhood. He started his flying experience on gliders at the age of 16, which brought him to small aircraft and having a pilot's licence.

Alan Phelan, Founder & CEO, APTN

Alan Phelan is the Director of Engine Trading at Aircraft Finance Germany (www.afg.aero) and is the Founder & CEO of www.APTN.aero, the first professional body for aircraft technical professionals. He was formerly Senior Vice President of Marketing and Sales at HaoTong AeroTech and helped set up their technical operation in Dublin. He is an experienced aviation professional with over 30 years' experience in various senior sales, customer support, marketing and aircraft engine leasing roles, most recently with Lufthansa Technik in Hamburg and Dublin and previously with Airmotive Ireland, a jet engine overhaul facility that was located in Dublin. He has an in-depth knowledge of the aircraft leasing business holding the Law Society's Diploma in Aircraft Leasing and Finance and an MBA in Aviation from Embry Riddle. Alan is also a member of ISTAT.

Dmytro Semenovych, Aviation Expert

Dmytro K. Semenovych is an expert in aviation, where he has devoted more than 75% of his practice to aviation activities over the past forty years. He has been familiar with aviation since childhood, his father was an aviator, and Dmytro himself has come a long way in aviation, from the tactical Air Force navigator, then the Civil aviation flight crew member, to the Operations Director and CEO of an airline.

Dmytro has extensive experience in unusual and innovative aviation projects. His recent activities include serving in the Air Force and flying a supersonic tactical fighter, airlifting medical supplies to riot-ridden Rwanda and other cargo flights to various parts of the world, bringing the aircraft manufacturing company "Skyeton" out of the crisis, working with government officials on obtaining a type certificate for two-seat, single-engine ultralight aircraft "Skyeton K-10 Swift" designed in Ukraine, the organization of operational management in the airline "Aero-Charter" carrying out passenger and cargo transportation and simultaneously using 4 aircraft types: Cessna 525 Citation, Yakovlev 40, Antonov 26, and Antonov 12, restarting the activities of the "Ukraine-Aeroalliance" airline after the change of ownership and the type of aircraft used, and further operational management of the company, restarting the activities of the "Ukrainian Wings" airlines and "Anda" airlines after a change of ownership and a long downtime in the main activity.

Dmytro is an analyst with experience and knowledge in the field of financial management, financial analysis and investment, which allows him to take a deeper look at the issues of anti-crisis management in aviation companies. He also received training in project management and, in the sum of the experience and knowledge gained while serving in the Air Force, this gives good managerial qualities that allow him to solve complex and non-trivial tasks.

Dmytro lives in Kyiv, Ukraine, in his free time he is interested in historical literature and tries to devote as much time as possible to his family, which he loves and protects very much.

Education

- M.S., (banking), International Management Institute at Kyiv, 1999
- M.S., (management), Aviation academy named Gagarin at Moscow, 1993
- B.S., (air navigation), Air Force Navigation College at Voroshilovograd, 1985

SPONSORS

ALL4JETS was established in 2013 as a Part-147 Maintenance Training Organization. In 2014 we decided to further develop services portfolio, and now we are offering wide range of maintenance and airworthiness services to customers like airlines, MRO's, OEM's and individual mechanical engineers.

ALL4JETS is currently offering its services in various areas of aerospace, such as type training for maintenance staff and training for engineers, pilots and cabin crew, continuing airworthiness services, aircraft maintenance services, aircraft modifications and aerospace support. Our mission is to actively develop our services on the global aerospace market.

ALL4JETS also launched its two subsidiaries: FLYER AVIATION and 4THRUST. Both companies are offering the services under their own brands. FLYER AVIATION is offering spare parts and has also separate tooling brand AOGTOOLS for maintenance tools sales and loans, and 4THRUST is offering BSI and other engine and maintenance services.
